Presentations

RESEARCH REPORT

Jan. 2025. *Symmetry of the order parameter for high-temperature superconductivity*. Group Report

Feb. 2025 *Phenomenological theory of unconventional superconductivity*. Group Report

Research Experience

HUST-Magnetism and Spintronics Group

ADVISOR: PROFESSOR. YU

Wuhan, China

Jan. 2025 - Present

- research: "Symmetry analysis of the coupling of triplet superconductor and dipole interaction"
